

## **NOTICE: LA/LGB Terminal Congestion - Export**

Dear Business Partner,

Due to the AB5 demonstration few days ago, the LA/LGB Export terminals have been experiencing severe congestion. Our team is having difficulties in picking up empty containers and making appointments timely. Drivers have been waiting on average 2 hours in line to get into the terminals. Please advise your clients of potential delays.

If you have any additional questions, please do reach out to your local STG contact.
